PBFLYBL WAIVER OF LIABILITY

PLAYBOOK FOR LIFE SPORTS LEAGUE is an unofficial association of churches desiring to play teams sports for recreation and fellowship only. The league has no official, incorporated, or other status as an organization; nor has it any officers, fund, insurance or other tangible or intangible assets. All participants in the league are responsible for their own medical insurance to cover any injuries sustained while practicing for or playing in league games. There is no assumption of liability by member churches, Metrolina Baptist Asociation, Playbook for Life Ministries, CSF LLC the officiating service or the league for any accident, injury or Covid related illness occurring during the play of games by players, coaches or fans.

I have been informed of an optional accident insurance policy that can be purchased to cover players during the current season and have indicated below if I will participate.
